

# SILHOUETTES AND SUNSETS

Summer nights are slowly slipping by  
As another year is fading from our lives  
Time's passing, it makes life beautiful, beautiful  
With memories, cast like shadows in the skies

Silhouettes and sunsets  
Silhouettes and sunsets  
No regrets  
Like silhouettes and sunsets

Days turning into months then years  
Life will bring you sad and happy tears  
Don't shed one, for the sake of loneliness, loneliness  
No save them, for moments just like this

Silhouettes and sunsets  
Silhouettes and sunsets  
No regrets  
Like silhouettes and sunsets

We're just passing through while spinning 'round the sun  
So you've got to make the most of every one

Like silhouettes and sunsets  
Silhouettes and sunsets  
No regrets  
Like silhouettes and sunsets

Silhouettes and sunsets  
Silhouettes and sunsets  
No regrets  
Like silhouettes and sunsets  
  
No regrets  
Like silhouettes and sunsets
